CLUB FACILITIES

The majority of our facilities were rated above average however the fields and toilets could be improved. So in the off season we are compiling quotes to upgrade the downstairs toilet area which will hopefully include an accessible bathroom and a much nicer space. We have also been working with the council to fix up the fields which will be done over 2 years. This summer field 1 is being fixed whilst next summer field 2 and the junior fields will be fixed. We have also hired Te Mete park for 3 evenings during the week for next season as a training ground. This involved taking over ownership of the lights at Te Mete Park which we will upgrade. All of this will hopefully allow the fields at Merrilands Domain to remain in better condition during the season.

Please rate the following (1 =poor, 5 = excellent)

OTHER POINTS

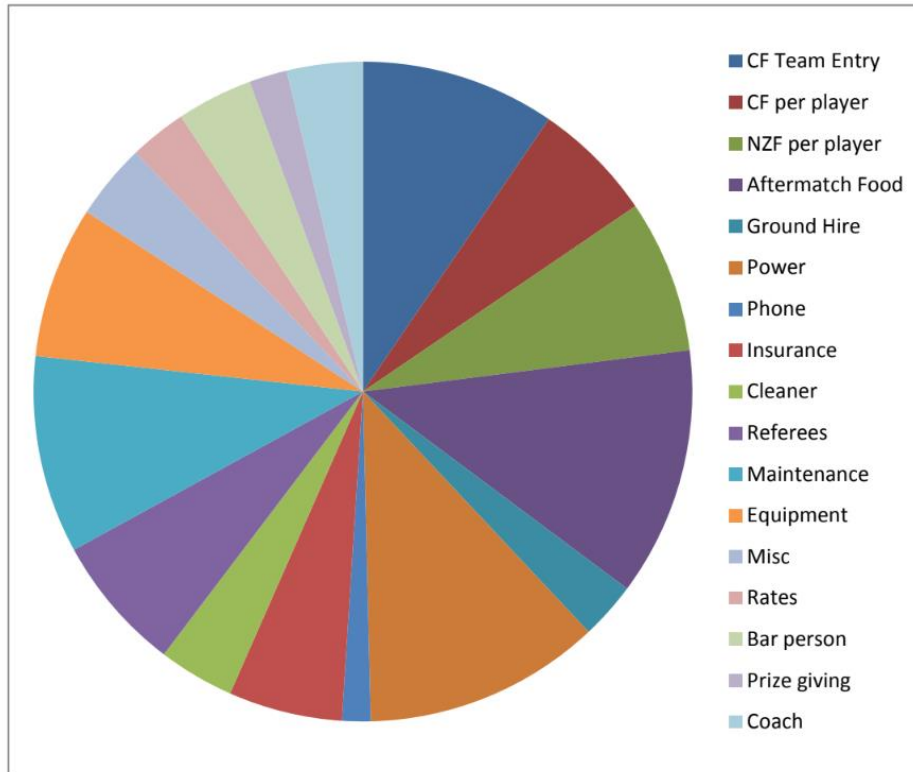

As well as the matters addressed already in this report there were some other points that were made a few times and these will be actioned

- More social opportunities for players to mix with others involved in the club
- Focus on development in all junior teams, everyone needs to get a fair go.
- Improved communication from the club and coaches
- Club polos that are affordable
- Coach upskilling opportunities
- Better commitment in the senior club
- Complaints procedure – this has been actioned and a form is on our website now

2019 COSTS PER PLAYER

It was clear that most members were disillusioned with the subs and what they cover. To show you the breakdown of costs on average (and this is in regards to a senior player however a lot of these would apply to juniors as well) we have put this info together. This is where we as a committee need to bring in sponsors, find funding and fundraise to make up the extra per player amount which can be challenging. If you know of a business that could help us out with any of these costs or with a sponsorship then please get in touch.
