This afternoon we welcome Havelock North to New Plymouth for the second time this season. First time round saw us lose our first match of the season 3-1 to a well organised Havelock side. They have continued to go from strength to strength and sit comfortably top of the table. After our surprise loss to Marist last week our lads will be looking to bounce back and hopefully take revenge on that result and that of the first game against Havelock.

Interesting to note that Marist lost 9-1 the previous week yet managed to beat us. It was suggested that several Central League players were used against us, yet we cannot field any of Team Taranaki's Central League players that are members of our club. This is because TT is a composite side. Capital Football who runs the Central League competition deems them ineligible yet Marist who also play in that league and the Federation League can. Where is the logic in that rule and what is it trying to achieve? NZ Football need to take action.

I have no problem Marist utilising the situation (Central League playing Sunday) but would like a level playing field. Incidentally Team Taranaki's last two results (both wins) all but assure them of Central League status for 2018. This must irk the powers that be as I am sure they don't want a team from here in their league. It is worth noting in those games the TT playing squad (excluding reserve goalkeeper Nick Hayward) were entirely from NP Rangers.

We would all like to win the Federation League this year but should Havelock North be successful and win a place in the Central League I'm sure those Wellington clubs would not be happy! After suffering that defeat to Marist the lads will be keen to get back to winning ways. Sam de St Croix continued his run in front of goal but we missed chances to win the game. As TT have no game this weekend we may have the luxury of having one or two of our players back today.

## Rangers on Facebook

This is always worth a look. Monty and John add regular updates of the most recent games. Roy Pilott regularly adds photographs.

## Taranaki Premier League

Pepper Construction New Plymouth Rangers are currently in third place in the league despite a second successive defeat last week against Inglewood going down 2-1. Ryan Munro scoring our goal. The team are really struggling with players at present which has not helped their cause. Today they are away to Eltham in another tough game.

Still no news on who the Prems will face in the Duff Rosebowl semi final.

**NEXT WEEK: F.C. Western at home.**

## Division One

Treehouse Rangers lost at home to Moturoa last week 2-1. Player/coach Craig Gibson once again scored although the ball hit him rather than a sweet shot! I suppose they all count Gibbo. This defeat also cost the team the Division One Challenge Trophy. Time to get back to winning ways today at Inglewood for the 'Pirates'

**NEXT WEEK: Woodleigh away at the later time of 2.45pm.**

Dimond Oddbodz Rangers had another great win against Boys High winning 4-1. While his cousins tripped up in South Africa, Josh Barrett scored a great hat trick while Luke Tuckett added the fourth goal. The Treehouse Rangers didn't do the Oddbodz any favours as they remain 2nd equal with Moturoa and behind Kaponga. They have two games in hand though. Today they are also away to Eltham. **NEXT WEEK: F.C. Western at home.**

## Division Two

Conveyor Quip NPR Kings put their feet up last week with the bye. They are also away to Inglewood today and will look to improve on the draw in the first round.

**NEXT WEEK: Stratford at home.**

## Taranaki Women

The Rangers Women put on a good performance at home against Peringa on Sunday with a 3-0 win. There were a few sore heads however after the club night the evening before, but I didn't hear any excuses. Goals to Reem and Jade plus an own goal were enough to win although the score could have been a lot more. Tomorrow they are at home to Waitara who are 14 points clear at the top of the table.

## Club Night

Last weekend we had a club night which was well supported by the Feds, Reserves, Oddbodz and the women's team. Oddbodz looked like they had turned up for a wedding in the suits and ties, while the Feds decided to come in all sorts of football kit. Sam de St Croix had obviously got over England's defeat by Iceland in the Euro 2016 tournament as he donned Siggy's Iceland kit, there was an overindulgence in Liverpool shirts while Lee Conley looked he had thrown up before arriving. Apparently it was Otago University's kit. Yuck! Gibbo's mob turned up as pirates. Pity they don't scare the opposition like that on a Saturday. The girls' team appeared to be 'Pretty in Pink' that great Psychedelic Furs song of 1981. The Treehouse Pirates won the evening and took home the Club Team Challenge Cup.
